

# 2011 Rotary Duck Race Saturday October 8th

## Duck Race Launch – Up River

Finish Line & Boom - Cross Boom (net) on river left.

Access Road & Gate  
(You are here)

## Alton Baker Park

Duck Drop  
Point Below the Boom  
Cross on river left.

Duck Launch &  
Starting Line

Radio Hole  
Launch Point

**No boats** may be on the course between Duck Launch (Noon) and Finish (when the winners are trapped) – approximately 12:30 PM.

**All Upriver Boats** must remain above the footbridge until the signal to pick up ducks is given. Split up and leap frog to pick up all ducks with the help of the IK's and Kayaks. Stop at the first group of Ducks in an eddy or off to the side. Don't bypass ducks expecting others to pick them up.

**Life Jackets must be worn at all times** – from launch to take out. The Great Rotary Duck Race operates under a special permit and that is one of the requirements of the permit. **Be safe – it's all about children and we set the example.**

Thank you for all of your help!

Dean Martin
